

UPSKILL YOUR STAFF WITH A RANGE OF LEARNING OPTIONS WITH MADE CYMRU

**Fully
Funded***

- » MADE Cymru offers businesses in Wales online and flexible courses in Innovation Management and/or Upskilling for Industry 4.0. There are short and long options available, and all courses are taught by industry experts.

We run our online sessions on Friday afternoons each week, and our virtual learning environment means you can attend lectures literally from anywhere, with real-time communication and collaboration taking place online between course participants. The cohorts are made up of students from different roles, backgrounds and sectors, this brings a richness to the group and the learning.

Prifysgol Cymru
Y Drindod Dewi Sant
University of Wales
Trinity Saint David

UNIES EWROPAID
EUROPEAN UNION

Llywodraeth Cymru
Welsh Government

Cronfa Gymdeithasol Ewrop
European Social Fund

Students finish each course with a University of Wales Trinity Saint David (UWTSD) accredited qualification, but you won't need to wait until the programme is complete to apply the skills learned straight away. What's more, the courses are fully funded for eligible businesses and there's no limit to how many members of staff who can enrol.

Innovation Management course options:

Place innovation at the core of your career! Innovation acts as the driving force for research and development, design, manufacturing, marketing and business development. Our short and long courses have been developed to provide students with a comprehensive understanding of how the management of innovation can make a difference to people, organisations and customers.
